

## Wood Dale Public Library District

### PHOTOGRAPHY AND VIDEO POLICY

The Board of Trustees of the Wood Dale Public Library District (“library”) has a significant interest in maintaining an environment that allows patrons to freely access library information and resources. This significant interest requires the library to maintain policies that protect the privacy of its patrons and staff members and ensures their freedom from harassment, intimidation, and threats to their safety and well-being. In order to provide appropriate safeguards against such behavior and enforce policies and procedures addressing that behavior when it occurs, the library has adopted the following policy regarding the taking of photographs or videos inside the library building.

#### **I. General Policy**

Permission is not required for taking photographs or videos in public areas of the library building for personal, noncommercial use if no tripods, lights, or other specialized equipment is used. However, there may be library locations and/or exhibition areas where the taking of photographs or videos is restricted or prohibited (i.e., restrooms, rooms reserved for nursing, childcare areas, museum artifacts, and archival materials). Taking photographs or videos of, or in, areas reserved for staff use only is also prohibited. If tripods, lights, or other specialized equipment is to be used, requests must be made at least 24 hours in advance. Persons taking photographs and videos shall not (i) compromise a patron or staff member’s right to privacy, (ii) harass, intimidate, or threaten a patron or staff member, or (iii) block library aisles, walkways, stairwells, doors, or exits.

#### **II. Exterior Photography and Videos**

Taking photographs and videos outside of the library building and/or of the library grounds does not require permission. However, the activity may not impede the ingress or egress of patrons or staff to or from the library building.

#### **III. Commercial Photography and Videos**

The library may permit use of its facilities for the taking of commercial photographs or videos if the project does not interfere with the mission of the library and is in accordance with the rest of this policy. The library will charge a fee to offset costs incurred by the library to provide access to the facility and prior permission must be sought at least one week in advance.

#### **IV. Newsgathering**

Members of the media who wish to conduct newsgathering in the library in any manner disruptive to, or interfering with, the operation of the library or its use by other patrons or be inconsistent with its mission, must make themselves known to either the Director, or to the staff member in charge of the building in the Director’s absence. Examples of behavior that can be disruptive, or interfere with, the operation of the library or its use by other patrons or be inconsistent with the library’s mission, include (but are not limited to) violating an individual’s right to privacy, interviewing at other than normal conversational voice level, photographing, video recording, or audio recording patrons or staff.

## **V. Photography and Videos of Materials and Resources**

The library permits the taking of photographs and videos of its publicly available collections. However, patrons are solely responsible for obtaining consent or other permission when taking photographs or videos of copyrighted materials.

## **VI. Library Photography, Videos, and Recording**

The library may take photos, videos, and audio recordings at the library and during library events to use in its publicity materials and on its website and social media sites. The library reserves the right to document its services and the public's use of the library building and grounds.

These photographs, videos, and audio recordings may be copied, displayed, televised, and published (including on any library web site or social media site). Any individual that does not wish the library to use a photograph or video of them or their child should inform a library staff member prior to or while such photographs or videos are being taken.

## **VII. Library Board Meetings**

Pursuant to Section 120/2.05 of the Illinois Open Meetings Act (5 ILCS 120/1 et seq.), any person may record the proceedings of the Library Board and other meetings required by the Act to be open to the public. The recordings may be made by tape, film or other means and shall not disrupt the meeting or create a safety hazard. The chairperson may in his or her sole discretion grant any special accommodation requests, designate a location for recording equipment or take other steps necessary to preserve the decorum of the meeting and facilitate the conduct of business.

## **VIII. Liability**

Persons involved in taking photographs or videos are solely liable for any injuries to persons or property that result from their activities on library property. They also have sole responsibility for obtaining all necessary releases and permissions required by law from persons who can be identified in any photograph or video or for copyrighted materials. The library undertakes no responsibility for obtaining these releases or permissions.

## **IX. Right Subject to Compliance with Policy**

The library reserves the right to ask any individual or group violating this policy to cease the taking of photographs or videos.
