Communities Thrive @ Your Library

Whenever we're asked, "Is library use down now that there is the Internet?" We always reply, "Have you been to the Library recently?"

Library use is at record levels in our community. During FY10, almost 189,000 library items were utilized by the public. Door counts show an average of 450 individuals visit the Library each day, with more than 22,000 computers users each year.

How does this compare to past library use? Seven years ago, the Library circulated around **83,000 items for the year**. During this past July, patrons utilized almost **21,000 library items for the month**.

Thank you for making the Wood Dale Library a busy, valuable community resource. And the next time you hear someone saying the Internet is replacing libraries, you can proudly reply "My Wood Dale Public Library is busier than ever!"
