Your Employment Experience: What to Expect

If you have disabilities, we're here to help you find a job that makes you feel proud. With our help, you'll be confident in your interview skills, have a standout resume, and know how to look your best. 80% of the people we help find a job they love and keep it."

About Ray Graham Association

We're dedicated to providing the best care and support for your loved one and your family. We aim to meet each person's unique needs, goals, and dreams while improving their quality of life. We serve nearly 2,000 people with disabilities and employ about 350 team members, empowering them to reach, grow, and achieve.

About Employment Services

We work with over 150 companies and organizations to match your loved one with the perfect job. We support them whenever they need it, including weekends, holidays, and evenings. When they find a career that aligns with their interests and strengths, we'll develop the skills they need to succeed. We want them to find a job that 1) they love and 2) that provides opportunities for growth and advancement.

The Department of Rehabilitation Services may fund these services. Your loved one may also be eligible for free transportation through Ride DuPage. If you're an employer, hire someone with disabilities. You will be thankful to find a dedicated worker like them (and some tax benefits, too!)

The people we support work in various industries, including food services like Pepperidge Farms and Culvers, public services like the Glen Ellyn Park District, hospitality services like Top Golf and Best Western, and health care services with Lexington Square Retirement Community. Let us help your loved one find a job they love and put them on the path to financial independence.

Benefits

- **Meet New People:** Having a job allows your loved one to meet new people and make friends. Working alongside others can lead to solid relationships and a supportive work environment.
- **Financial Independence:** With a job, your loved one will have a steady income and more independence. This can give them a sense of security while improving their quality of life.
- **Personal Growth and Development:** Employment is an excellent way to develop new skills, boost confidence, and find purpose. A supportive environment can help them grow and reach their full potential.

“ My Job Developer makes me feel important. She always listens to what type of jobs I'm looking for, so I'm so happy doing my dream job! ”
